**LIVER COMPLAINTS,**
**AND ALL SICKNESS & DISEASES.**
DR. LIN'S
**Temperance Life-Bitters,**
*AND CHINESE BLOOD-PILLS.*
**The Greatest Secret Discovered!**

PURGE purge purge has been the cry for the last few years. This has been effectually used, and yet sufferers have multiplied and died; and why? Not because purging was not necessary, but too much has been done without the tonic to follow, and sustain the system. Purge, you must! The sickly humors of the blood must be carried off or the accumulation of them prevented. Prevent, then, the growth of such humors.

Why do the Chinese live to such immense ages, and still retain the powers of youth or middle age? Because they purify the blood. *The Chinese* BLOOD *Pills*, so called because they work upon and cleanse the blood are the standard remedy. These Pills will do it; and the Temperance Bitters, taken as directed, will strengthen the system and prevent the accumulation of the base humors which infest the blood, and which only increase by purges, unless the Bitters are taken after. Buy, then, these Pills and Bitters. Take weekly the Pills and daily the Bitters; and if you are or have been invalids for days, weeks, months, or years, you will find the sickly humors drawn off, and prevented from a return, and the *sallow yellow hue* of sickness change rapidly to the *full blooming glow of health and youthful buoyancy.*

There are cases so numerous of these brilliant effects, that time and space forbid an attempt to put them down. Buy and use these medicines, and *use no other*, and health and strength shall be yours. See wrapper and directions that come with them.

*FRAUDULENT COUNTERFEITS*

will be attempted. Buy no remedy of the kind unless it have my name O. C. LIN, M. D. on the wrapper, and also the notice as follows:

"Entered according to Act of Congress, A. D. 1841, by THOS. CONNEL, in the Clerk's Office of the District Court of the United States for the Southern District of New York."

Warranted the only genuine.

*PHENOMENON IN CHEMISTRY.*
**East India Hair Dye.**
*Colors the Hair and will not the Skin!!!*

THIS Dye is in form of a Powder which in plain matter of fact may be applied to the Hair every night; the first night turning the lightest *red* or *grey* hair to a dark brown, and by repeating a second or third night, to a bright jet black. Any person can, therefore, with the least possible trouble, *keep* to any dark shade or a perfect black; with a positive assurance that the powder, if applied to the skin, *will not* color it. *There is no trouble in removing it from the hair, as in all powders before made.* By an occasional application, a person turning grey will never be known to have a grey hair! Directions complete with the article. There is no *coloring* in this statement, as one can easily test.

☞ *These facts are warranted by the gentleman who manufactures it, who is the celebrated chemist, Dr. Comstock, author of Comstock's Chemistry, Philosophy, and many other works well known and widely celebrated by the public.*

This Dye is sold by COMSTOCK & Co., 71 Maiden Lane, New York.

PROSPECTUS OF THE

**Maine Farmer and Mechanics'-Advocate.**

(NEW SERIES.) E. HOLMES, Editor.

THE proprietors of the MAINE FARMER, in accordance with the suggestions of their friends, and with a view to meet the wishes of a large number of their subscribers, have come to the conclusion to make a change in the form and size of the paper, on the first of January next. It will be about double the size that it now is.

They propose to issue a paper, once per week, in a large folio size, to be called MAINE FARMER AND MECHANIC'S ADVOCATE. One page is to be devoted exclusively to Agriculture one to Mechanical subjects, frequently illustrated with engravings one page to the current news of the day, with the proceedings of the Legislature and of Congress when these two bodies are in session and the remaining page to be devoted to miscellaneous reading, poetry, advertisements, &c.

They presume it is not necessary to enlarge upon the peculiar character or future course of the paper now offered to you. The Maine Farmer has been in existence nine years, steadily and perseveringly devoted to the interest of the productive classes. It will continue, as heretofore, a steady and undeviating friend to the Farmers and Mechanics; zealously urging forward the spirit of improvement, and encouraging the efforts of honest industry. Many of our best practical Farmers have long been engaged in contributing to the columns of the Farmer. These as well as others will continue their aid and assistance in the Agricultural portion, and we have the assurance of many excellent Mechanics that they will also contribute to the columns of their department.

Terms $2 per ann. $2 50 will be charged if payment is delayed beyond the year.

☞ Any person who will obtain six responsible subscribers, and act as Agent, shall receive a copy of the paper, as a compensation for his services.

**New READING BOOK for Schools.**

THE MONITORIAL READER, or a Monitor to Youth, holding up to their view Models whereby to form their own Characters. By DANIEL ADAMS, Author of Adams's New Arithmetic.

EXTRACTS FROM THE PREFACE.

"THE MONITORIAL READER possesses distinctive traits. The object is to supply what is believed to be the great desideratum in our schools a series of exercises relating to what concerns the practical matters of life truth, integrity, honesty, industry, temperance, forethought, frugality, patient endurance of adversity, and whatever else tends to form and fix the character of youth.

We wish to impress it on the minds of those, into whose hands these exercises shall come, now, in this seed-time of life, what is here so abundantly inculcated, that 'Every man is emphatically the architect of his own fortune' that with themselves it lies whether they shall ever be any thing or nothing that a monied capital to begin with does not weigh a whit in the balance for or against them that, coming into life with health, strength, capacity for labor, good education, a useful and respectable trade, habits of industry, sobriety, punctuality, frugality, and, above all, with a GOOD AND UNSULLIED CHARACTER, they have the best of all capital a moral capital: the noblest of all power moral power: and the most certain means of honest and honorable accumulation and fortune, and may be sure, under circumstances ordinarily propitious, to rise to that competency of influence, respect, and general confidence, and that honorable measure of wealth and independence, which should fully satisfy a reasonable and virtuous ambition."

EXTRACTS FROM RECOMMENDATIONS

The influence will all be found on the side of virtue, morality and religion. Occasional comments are given. Difficult or unusual words are defined Prose and poetry are suitably intermingled. It is hardly to be imagined that this book should fail of popularity. It certainly would not, had it not so many competitors that have got the start of it in the race. As it is, its mettle is such as to give it fair promise of ultimate success in the contest. Boston Recorder.

Dr. Adams: Having examined to some extent your Monitorial Reader, I am pleased with its plan, its object, and the manner in which it has been executed. It seems adapted to the intellectual and moral improvement of those for whose use it was designed. I trust it will prove to be what its author fondly anticipates.

(Rev.) Z. S. BARSTOW, Keene.

It is just such a book as our New England boys and girls will be glad to see, for it inculcates in a pleasing manner, industry, frugality, truth, honesty, temperance, peace, kindness, fortitude, and a cheerful piety. The Vocabulary, at the end, and the arrangement for defining words, will add to its value in the hands of a judicious teacher.

(Rev.) ABIEL A. LIVERMORE, Keene.

We have also recommendations from a number of individuals and periodicals, among which are D. Crosby, Preceptor of the High School Nashua; J. Newton Brown, Professor of Theology at New Hampton. It is also adopted by the Associations of School Teachers in Cheshire and Hillsboro' counties, and by the School Committee of Concord.

About 8000 copies have been published, and mostly disposed of.

**THE LION OF THE DAY.**
**THE OLD VEGETABLE OR GERMAN PILLS.**
☞ *POSITIVE, OR NO PAY.*

THEY are highly recommended by Dr. Valentine Mott, of the city of New York. A medicine to prevent the attacks of disease, to keep the system in healthy action, and to eradicate as soon as possible every disease as soon as it appears, has been the great study of medical men for many years without success. The subscriber, however, not expecting his Pills to cure all the ills which flesh is heir to, confidently recommends them as certain and efficacious in the following: Headache, Jaundice, Dyspepsia, Cholic, billious, remittent, and intermittent Fevers, diseases of the Liver, and Spleen, Female Obstructions, Rheumatism, Foul Stomach, Dizziness of the Head, Loss of Appetite, Weakness, and trembling of the Limbs, Nausea, or sickness at the Stomach, Flushings of the Face, Summer Complaints, Measles, Scarlet Rash, and will be found invaluable in complaints of the Digestive Organs, and particularly those arising from impurity of the blood. As a preventive against Fevers, no persons should go to a warm climate without a box of these Pills; they are entirely of vegetable ingredients, and can be taken safely without fear. Price, 37½ cents a box.

For sale at A. GEYER'S Drug Store, 104 Hanover street, corner of Salem street, BOSTON; General Agent for the N. E. States, and may be had at most of the Drug Stores in the U. S. and in the Canadas.

The genuine Pills have the written signature of *MERRITT GRIFFIN* on each box.

To the Honorable Senate and House of Representatives of the State of Maine in Legislature assembled:

THE Proprietors of the Penobscot Boom Corporation respectfully represent, that they have been at great expense in erecting the Penobscot Boom, for the protection and security of the Logs which annually float down the Penobscot River

And for the protection, security and delivery of these Logs to the rightful owners and claimants, your petitioners are at a great annual expense.

To protect the interest and meet the convenience of the public, large sums of money must necessarily be annually appropriated by the proprietors to defray the expenses of the Booms.

For the encouragement of the Proprietors to enable them to meet these appropriations and expenses and to put the Booms annually in a condition to meet the wants and convenience of the public, your petitioners would humbly pray that they may be allowed a fair, reasonable and adequate toll or boomage upon the Lumber which is annually secured and protected in their Booms, and that they may have a sufficient lien upon the Lumber to secure the payment of such Boomage and other expenses and that the Legislature in their wisdom will adopt such regulations as to Toll and Boomage as shall be for the mutual benefit of your petitioners and those whose Lumber they secure and protect, and as in duty bound will ever pray. SAMUEL VEAZIE, Agent of said Corporation.

### Apportionment of Congress.

The Washington correspondent of the Express states that the Select Committee on the Apportionment will report in a day or two in the House of Representatives, in favor of *sixty thousand as the ratio of representation!* This will give New York but thirty-five members instead of forty. The effect upon the other States will be seen by the following table.

| STATES. | At present | No Representatives at the rate of 1 to every 68,500 souls. | |
|---|---|---|---|
| | | No. | Fractions. |
| Maine, | 8 | 7 | 22 393 |
| New-Hampshire, | 5 | 4 | 10 573 |
| Massachusetts, | 12 | 10 | 52 690 |
| Rhode Island, | 2 | 1 | 40 328 |
| Connecticut, | 6 | 4 | 35 971 |
| Vermont, | 5 | 4 | 17 948 |
| New York, | 40 | 35 | 31 419 |
| New Jersey, | 6 | 5 | 30 536 |
| Pennsylvania, | 28 | 25 | 11 507 |
| Delaware, | 1 | 1 | 8 543 |
| Maryland, | 8 | 6 | 23 124 |
| Virginia, | 21 | 15 | 32 702 |
| North Carolina, | 13 | 9 | 38 592 |
| South Carolina, | 9 | 6 | 53 582 |
| Georgia, | 9 | 8 | 31 014 |
| Alabama, | 5 | 7 | 9 843 |
| Mississippi, | 2 | 4 | 23 566 |
| Louisiana, | 3 | 4 | 11 030 |
| Tennessee, | 13 | 11 | 2 486 |
| Kentucky, | 13 | 10 | 21 924 |
| Ohio, | 19 | 22 | 12 465 |
| Indiana, | 7 | 10 | 864 |
| Illinois, | 3 | 6 | 60 050 |
| Missouri, | 2 | 5 | 17 906 |
| Arkansas, | 1 | 1 | 21 100 |
| Michigan, | 1 | 3 | 6 767 |
| | 242 | 223 | |

This, it will be perceived, reduces the number of members 19 from the present Congress. The reduction falls upon the old States as follows:

| | | | |
|---|---|---|---|
| Maine, | 1 | New Hampshire, | 1 |
| Vermont, | 1 | Connecticut, | 2 |
| Rhode Island, | 1 | Massachusetts, | 2 |
| New York, | 5 | New Jersy, | 1 |
| Pennsylvania, | 3 | Maryland, | 2 |
| Virginia, | 6 | North Carolina, | 4 |
| Georgia, | 1 | South Carolina, | 3 |
| Kentucky, | 3 | Tennessee, | 2 |
| | | | 39 |

The following States will have their Representation increased, as follows:

| | | | |
|---|---|---|---|
| Alabama, | 2 | Mississippi, | 2 |
| Louisiana, | 1 | Indiana, | 3 |
| Missouri, | 3 | Illinois, | 3 |
| Michigan, | 2 | | |
| Ohio, | 3 | | 19 |

As it is all important that Congress shall act speedily upon this question, to save the State Governments the expense of Extra Sessions of their Legislatures, I presume the subject will soon be before the one or the other or both Houses, for consideration.

The Constitution originally provided that the number of Representatives should not exceed one for every thirty thousand inhabitants, allowing, however, every State one. New Hampshire began with three, Massachusetts eight, Rhode Island one, Connecticut five, New York six, New Jersey four, Pennsylvania eight, Delaware one, Maryland six, Virginia ten, North Carolina five, South Carolina five, and Georgia three making in these, "the Old Thirteen Colonies," sixty-five members. Now, with the great fractional population named above, and a proposed alteration of the representation of 68,500, Congress will have 223 members.

☞ The editor of the Frontier Journal shows a deal of passion, because a public lecturer would not proceed on finding only five or six persons present. The man, we think was right. The number in attendance has much to do with a man's obligation in the matter, and very few persons will be likely to get mad with a man for not lecturing, as the minister we once heard of, who said he could preach very well to five persons should not feel discouraged with only one present, and had once preached when entirely alone.

☞ "Melissa" writes us that if we will insert in the paper what line of her stanza is missing it shall be sent in. Well, to oblige the Girl, we say that the fourth line in the fifth stanza is missing; and while she is preparing that line will she just enliven the following tame description of "An Evening Star".

"I saw thee in the western skies
Cheering the dismal gloom of night
With grateful, moderate, friendly light"

Such cooling poetry as that would do better in dog days than now! Will "Melissa" warm it a little, and tuck it up nicely and make it comfortable?

☞ Since the admirable defence of N. H. by Mr Burke, the press and people of that State are making the effort to see how high they can get. The N. H. Sentinel mentions as among the resources of N H. that Cheshire County alone can boast "of four characters, each outshining in their particular way, the most celebrated natives of Mr Arnold's State, viz. Joe Smith, Abner Kneeland, O A. Brownson and Dr. Samuel Thompson. The little adjoining town of Surry, claims one of the four, Alstead one, and Keene one."

☞ We learn with much pleasure that a Mechanics' Association has been formed at West Prospect. They can have a fine association in that thriving little village, and as they have begun, we feel confident they will make progress equal to any similar institution in the State the men there are the right stuff.

☞ Gen Leslie Coombs, who is at New Orleans, has written to Washington for permission to proceed to Mexico and negotiate for the liberation of our citizens captured with the Santa Fe Expedition, among whom was his son.

☞ We have this morning a warm rain.

☞ The publication of the Lincoln Patriot, at Waldoborough, has been discontinued. Its editor has obtained an office from Gov Fairfield, and does not care to spend more in the cause at present.

☞ "Joseph" begs hard to have his "mighty lines" inserted, but he cannot be accommodated this time, though his "Susan P." should treat him equal to his fears.

☞ Rev. Mr. Maffitt, Chaplain of the House of Representatives is quite a lion at Washington. He has immense audiences, selects fine texts, uses beautiful words, much fancy, and sings charmingly.

☞ The Ohio river took a sudden rise on the morning of the 7th inst. and before dark had risen ten feet. The rise was so unexpected that much damage was done to property on the landings, on both sides of the river.

☞ A Northern paper asks the question, if the expression, "God tempers the wind to the shorn lamb," is taken from the Holy Scriptures? The Boston Courier says that it is of French descent, as follows:

"A friend has just informed us that he has an old French Dictionary, printed in 1750, in which he finds the following: "*A Brebis tondue Dieu mesure le vent.*" Sterne's Sentimental Journey was not published until 1768. He wrote it in France, and it will be observed that he put the saying into the mouth of 'poor Maria' a French girl. It is evidently a French proverb.

### From China Direct---Twenty-Four Days Later---Highly Important.

The Swedish brig Albion, chartered for New York arrived on the 17th inst. having left Macao Sept 17th. The ship Morrison from Manilla, arrived at the same time. The news by this arrival is of great interest, and high importance, *if it turns out all true*. The greater part of it, though, the reader will remark, is rumor and speculation.

The people out of Canton evidently entertain different opinions from those in trade, and in civil authority in the city. The latter are disposed to that state of affairs that shall bring *profit;* the latter have a strong national feeling, and are so exasperated with their invaders that they will continually be making warlike movements. They have sunk blocks of granite in the river leading to Canton, and put other obstructions in a branch of it, used by the men of war and steamers; and these proceedings had been eagerly laid hold of by the commander of the squadron remaining near Canton, to make renewed attacks upon the forts, villages and junks, several of which had been destroyed, with a murderous destruction of life; and the ships had gone up the river, with the presumed intention of destroying the city.

One letter, dated September 15, says,

I have just heard of Captain Nias, (the commanding officer) having issued a proclamation in Chinese, and commenced hostilities by attacking the villages on the banks of the river near where the obstructions were sunk, and by blowing up and utterly destroying Wang Tung and the fortifications Kow Loon. There is a rumor of his intention to surround Canton, and I should not be much surprised to hear of the city being burnt before I get away from here. Thus it appears, as conjectured and stated to you yesterday, that the least provocation is now made the excuse of great violence, and the result is as doubtful and the anticipation of it as much clouded by fear of suffering to the innocent people, as at any former period. This news is just as heard in a letter from Canton, where the smoke of the burning villages was seen, the cannons heard, and the people of Canton were fleeing in all directions, whilst the reports were that many people had been killed at the villages.

The Canton Free Press says: It is positively stated in letters from Canton that Amoy has been taken with great slaughter by the British forces. Particulars given are but few. It is said that the English first took possession of a small island commanding Amoy, whence they threw shells into the town with tremendous effect that the first and second military mandarines were killed, (both with red buttons,) and that the town was entered and taken sword in hand.

It is also said that a garrison of a thousand men was to be left there with three ships of war. We have no arrivals from the coast to confirm these reports, but one or two schooners may be hourly expected.

Reports from Canton continue to be to the effect that Amoy has been taken with great slaughter. No positive accounts confirming this news has however yet reached, and it is therefore possible that there may be no truth in them, and that the fleet has proceeded to the northward without touching there. But supposing that Amoy has really been taken, that its arsenals and defences are destroyed what will be the next move of the fleet? Will it proceed to Fuh chow foo, the capital of Fuh keen province, and also lay that under contribution, or will it proceed to direct to Chusan Ning po and the Yang tze keang, or even perhaps to the gulf of Pe che le? All these movements are possible all would be recommended by one or the other as most likely to be conducive to a speedy settlement of the war and we confess it seems extremely difficult to decide what had best be done. If Amoy with its great naval stores, its fortifications which have been much strengthened, and its considerable navy, has fallen into the hands of the English, Amoy, which, after the Bogue forts, was considered the strongest post of the Empire, the impression this will produce in the capital cannot but be very great, and it is possible that the Emperor, becoming more and more convinced of the irresistible weight of British arms may feel more inclined to treat for peace.

From the Canton Register of Sept 14.

The Saint Mungo is loading in Hong-kong bay for London.

There is no intelligence of interest from Canton, all is there quiet. The Chinese say that Amoy is captured by the British on the 27th ult. and there is a report that news of the recapture of Chusan, without the slightest resistance, has reached Canton.

### Later from Europe.

The ship Mediator, from London arrived at New York, on Sunday night last, bringing papers to Dec. 10. There is nothing later from China, the overland Mail to England having nothing so late as what has reached us direct.

There have been serious floods in Hartfordshire, Essex, Norfolk, Berkshire, Yorkshire, and Sussex.

The packet ship Sheffield arrived at Liverpool Dec. 4th. Among the passengers in the Mediator, is Mr. Gliddon, our Consul to Egypt.

The Duke of Wellington has directed his attention of late to the condition of the regiments which occupy West India stations, and the causes of the mortality to which from time to time they are subjected. His Grace appears to attribute the evil very much to the unhealthy situation of the different barracks, and the inadequacy of the buildings themselves to protect the men against the influence of the climate. The results are said to be the concoction of a plan for the fabrication of cast iron barracks, which shall be sent out in pieces from this country, as was the case with Napoleon's house at Longwood. These huts will have numerous advantages over brick and mortar houses; not the least obvious of which is, that they will be as moveable as a camp.

The overland mail which reached London Dec. 5th, brings nothing of interest to the American reader from the Eastern world. They abound in accounts of the movements of the British forces, and of sickness, &c. but every where the British seem to be strengthening their established power.

### From Florida.

BIG CYPRESS SWAMP, }
December 29, 1841, }

Major Balknap's command has now been in the field, or to speak literally, in mud and water, for nearly a month. The Indians from the villages of Sam Jones and the Prophet Ho-tal-ka-hadjo, have been trailed from swamp to swamp and from hammock to hammock, have been once overtaken and routed; their pumpkin fields, in all containing perhaps a hundred acres, hunted out and destroyed and lodges in their villages and on their several routes from place to place, numbering several hundred, have been found and mostly burnt.

The officers and men, field, staff and line have traversed these swamps, hitherto deemed inaccessible, on foot, with seven days provisions, blankets, &c. &c. on their backs; and when the freshness of the Indian trail has seduced them so far from the depot that their haversacks have failed, have with but a few exceptions, subsisted themselves on the "cabbage" (or unpretruded leaves) of the palmetto trees, for two or three days in succession. The Indian guides call the command the *Alligator Army*, and have accordingly named the Major "Hal-buttah-mico" or the Alligator Chief: a title which he sustains much to their edification.

Four hundred miles of these horrid swamps have been traversed by the various scouting divisions of this command the past month, but when we get back to the depot again, we will have to take a short respite, as many of the troops are worn down and sick, their ankles swollen and the whole nether extremity exhibiting, from contact with the Cypress roots, all the variegated colors of the rainbow.

Intelligence which can be relied on, has been received through a letter from an officer at or near the Army Head quarters, stating that there were, at the date of the letter, (30th of Dec) 350 Indians in at Tampa ready for emigration, and that 100 more who had been seen and talked with, and who, tired of the war, were daily expected there. *Savannah Rep.*

### [Augusta Correspondence.]

State House, Augusta, }
WEDNESDAY, Jan. 19, 1842. }

The Legislature have done but little to-day, for the very best of reasons, they have nothing to do. And it is apparent to all, that the interest of the State demands that they should adjourn in *ten days* from this time; but, perhaps, party considerations may require them to prolong the session to its usual length; there is but one thing for them to do, and that is, to apportion the Representatives, that need detain them one day. Gov. Fairfield has nearly completed the work of proscription and it is expected he will finish it to-morrow. One of his last appointments was a messenger to the Governor and Council; and not having forgotten the flavor of *that great cheese*, he appointed the son of the lady who presented him with said cheese, to the chagrin of *twenty-six other applicants*, who had, not even tasted that cheese, altho' they had each done good service for the *democratic party*. Augusta has been greatly favored thus far in getting a large share of the plunder, no less than ten offices have been given to citizens of this town, with salaries amounting in all to about *six thousand dollars*. Comment by the whigs, is unnecessary, the locos will do that.

In the Senate, the Committee to whom was referred the Senatorial votes, were directed to ascertain and report who are the constitutional candidates in the Ninth Senatorial District, to fill the vacancy occasioned by the death of the Hon Wm Delesdernier.

The Committee on the Militia were directed to inquire into the expediency of repealing the 74th section of the militia law.

The Judiciary Committee were instructed to inquire into the expediency of repealing the law giving a bounty on the heads of wolves and bears killed in the State. Mr. Eastman laid on the table, an act in relation to railroads, which was read and referred to the Committee on railroads and canals.

In the House, an order was introduced directing the Committee on the Valuation, to inquire into the valuation of the town of Poland, and if there were any errors to correct them. The Committee on Literature and Literary Institutions were directed to inquire into the expediency of altering the charters of Bowdoin and Waterville Colleges, and granting to the latter a portion of land. Mr. Sewall of Oldtown, offered a resolve, directing the Governor to cause a monument with a suitable inscription thereon, to be erected over the remains of the Hon. Wm. Delesdernier, not to cost over three hundred dollars, and to draw his warrant on the Treasury for the same, which was laid on the table, and will be taken up probably to-morrow.

Mr. Washburn of Orono, presented the report of the minority of the Committee on Elections, which was laid on the table, and three hundred copies of this and the Majority report ordered to be printed.

The Judiciary Committee were instructed to inquire into the expediency of reducing the price of blank writs of attachment and summons thereon, or original summons, for the Municipal Court of the city of Portland, in all cases except where the same shall be returned to and entered in said Court, also, to inquire into the expediency of altering the 14th chapter of the Revised Statutes; also, to inquire into the expediency of repealing the 46th section of the 17th chapter of the Revised Statutes.

Mr. Abbott called up the order in relation to an apportionment of the Senate, and after some debate, the following Committee was appointed on the part of the House viz. Messrs. Abbott, Tuck, Dunn, Greenlow, Greene, Pope, Taylor, Hight, Tucker, Walker, Jones, Loring and Kellock.

The Committee on Interior Waters were directed to inquire into the expediency of repealing the 4th section of the act incorporating the Kennebec Log Driving Company.

A message was received from the Senate proposing a convention of the two branches for the purpose of choosing a Treasurer of State; the House concurred, the Senate came in and the following was the vote: James White, Esq. had 144. Sandford Kingsbury had 55, and there were 6 scattering votes, whereupon James White was declared duly elected.

The following petitions and remonstrances were presented and referred. Petition of Joshua Sinclair of Eliphalet Allen, et als of John B. Crowell of Isaac Cage of John Winslow, et als of Elizabeth C. Niles of Ephraim Ballard of a Member of the Charitable Mechanic Association of Augusta of Newall Seabury, et als of Daniel Merrick, et als.

Remonstrance of Lothrop Lapham et als of Inhabitants of Minot of John B Lane, et als of Thos. Littlefield of William Hallet, et als of Gilbert Hatch, et als of Oliver Pollard, et als of Geo. Honnsfield of S J Gardiner, et als of W Thomas, et als. Yours, P.

☞ Capt. Plummer, late of Brig Grand Turk, of Cherryfield, lost on Tontuga, arrived in Boston on Friday. The vessel went ashore, night of the 8th ult during thick weather. Vessel and cargo a total loss. The mizzenmast was cut away, and fell over upon a high rocky cliff, and upon this, Capt. P. and crew escaped to the island. His first officer, Mr Samuel Hale of Thomaston, perished. The survivors saved nothing, but what they stood in. The crew were to leave for New York in about ten days, so says the Boston Advertiser.

☞ The ship Morrison, Benson, from Canton for New York, is reported ashore on Egg Harbor Shoals. The underwriters in New York, have despatched two steamboats to her assistance. When last seen, she was lying head on, with all sails set. She has a full and very valuable cargo of teas, silks, &c. This same ship put into Manilla in distress, July 15, having encountered a typhoon and sprung a leak. She was re-coppered and sailed for New York the middle of September.

☞ The St. Louis Republican of the 3d says. On Friday night last, a little before 12 o'clock, the shock of an earthquake was sensibly felt. Its duration was very brief, but the agitation was so great as to cause many persons to attempt to escape from their houses. This is the second within the past week.

☞ The New Orleans Courier states, that letters have been received from Vera Cruz, via Havana, which announce that the commercial house of Senano & Brother had failed for a large amount; and that to this house, Santa Anna had confided his money and his business. Nothing had been heard of the approach of the Texian prisoners towards Mexico, on the 11th ult.

### Melancholy case of Hydrophobia.

The Louisville Journal of the 10th inst. furnishes a very affecting account of a deplorable case of death by hydrophobia which had just occurred in that city. The subject was Mr. Thomas Moore, a young man whom education had fitted for a career of usefulness, and a son of one of the most respectable citizens of Louisville. He had been engaged some time as an officer in the Mechanics' Savings Institution, and was highly esteemed for his modesty, attention to business, and integrity of character. Although yet a minor, he married about five weeks since, and was bitten in the left hand by a furious dog the night after his marriage; and on the morning of the thirty-sixth day from the bite the symptoms of hydrophobia presented themselves. Death put an end to his sufferings on Sunday morning, 9th inst.

### Congressional Temperance Society.

The Washington Correspondent of the N. Y. Commercial says

"The good work goes on apace. The example of Mr Marshall of Kentucky, added to the endeavors of Mr Briggs of Massachusetts, and others in the House of Representatives, has not been without its desired effect. A paper was handed around the hall yesterday and to-day, which was numerously signed by members of the House, calling a meeting for the purpose of forming a Congressional temperance society. Among the signers already obtained are Messrs. Marshall, Briggs, Fillmore, Chittenden, Allen of Maine, Calhoun of Mass., Giddings, Lawrence, Henry, Ramsey, and others. God speed the glorious work!"

## THE MOST HIGHLY APPROVED MEDICINE

### Now in general use for Coughs, Colds and all Diseases of the Lungs.

THE VEGETABLE PULMONARY BALSAM is belived to be the most popular medicine ever known in America, for Coughs, Colds, Asthma, or Phthisic, Consumption, Whooping Cough, and Pulmonary Affections of every kind.

*Extracts from Certificates.*

Dr. Samuel Merrill of Concord, N. H., writes "that he is satisfied the Vegetable Pulmonary Balsam is a valuable medicine, having been used with complete success in cases which had previously resisted the most approved prescriptions."

Dr. Truman Abell of Lempster, N. H., writes that he confidently recommends its use in all complaints of the chest, as equal, if not superior to any other medicine within his knowledge.

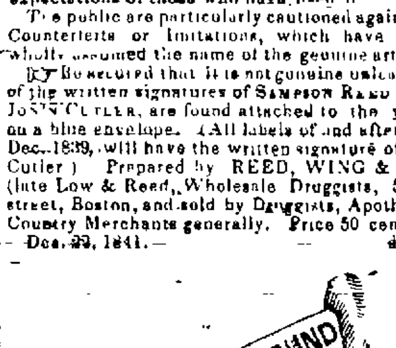

Dr. Amory Hunting of Franklin, Mass., writes that after having prescribed the usual remedies without relief, and having consulted with several eminent Physicians, he has found the Vegetable Pulmonary Balsam to have had the desired effect, and recommends it as a safe, convenient and efficacious medicine.

Dr. Thomas Brown, of Concord, N. H., writes that, to his knowledge; it has never disappointed the reasonable expectations of those who have used it.

The vegetable remedy for diseases arising from the impurities of the Blood; Dyspepsia, Scrofula, and all chronic diseases, also a substitute for Calomel as a cathartic in fevers, and all bilious affections.

FROM the extensive applicability to general disease, which this remedy possesses, as is demonstrated in the detailed cures of the various complaints, the proprietor feels justified in claiming for it superior consideration. The numerous testimonials of its effects, from physicians, druggists, and distinguished individuals, places it beyond the doubtful remedies of the day and entitles it to special confidence.

These Pills have acquired an unprecedented celebrity as an anti-dyspeptic and anti-bilious remedy; and this reputation being fully sustained by the high character of its testimonials and the increasing demand for the Medicine, it is only necessary for the proprietor to continue the caution, that the public may not mistake other medicines, which are introduced as Tomato preparations, for the true Compound Tomato Pills.

They have no rival in curing billious diseases, dyspepsia, liver complaints, sick headache, jaundice, rheumatism, heart burn, acid stomach, palpitation, loss of appetite, costiveness, &c.

Those who wish the genuine medicine, so highly recommended, entirely vegetable, and prepared by a regularly educated Physician, must be particular to inquire for PHELPS', and see that they are labelled DR. PHELPS' COMPOUND TOMATO PILLS.

☞ For a full account of this medicine, testimonials, &c., see pamphlets in the hands of all who sell it.

☞ None are genuine without the signature of G. R. PHELPS, M. D., sole proprietor, Hartford, Conn.

## LORRAINE'S PILLS,

### OR VEGETABLE UNIVERSAL MEDICINE CURATIVE OF THE French College of Health, in Paris.

THE following letter was received yesterday by mail from Salem. It gives another evidence of the great success of *Lorraine's Vegetable Universal Pills.*

SIR I have been for many years a sufferer from the ravages of Scrofula and Cancerous Humors, which at last seated on the vitals, and exhibited all the threatening symptoms of consumption. The general inutility of all remedies awakened my enquiries as to the thousand different methods of cure, to most of which I had recourse without receiving benefit. I accidentally noticed a remarkable cure by Lorraine's Pills, and was induced to give them a trial. I sent to Boston and got a box. By the use of them I found immediate relief and was soon restored to a perfect state of health.

J. E. NEWHALL.

Salem, 21st May, 1841.

The following letter from J. B. Light, Esq. is worthy of notice.

SIR It ook one of Lorraine's Vegetable Pills last evening for a pain in my head, that had effected me for several days, occasioned by taking cold. I soon felt very calm, and quiet, and a state of general repose came on which had great charms, and I enjoyed one of the most comfortable and refreshing nights rest that I ever did in my life. I rose in the morning in my usual state of health, and believe it is my duty to recommend this medicine.

Yours truly, J. B. LIGHT.

Nov. 20th, 1841.

[From Boston Daily Mail.]

Somebody wisely says, that a cap loaded with jewels and flowers will not cure the headache, nor gold chains prevent the consumption. Lorraine's Vegetable Pills have done both.

SIR I have been effectually cured of a severe headache by the use of Lorraine's Pills.

SARAH NOYES.

SIR My daughter had all the threatening symptoms of a Consumption, such as cough, pain in the side, &c., together with general debility, but has had her health restored by Lorraine's Pills.

Rev. J. KNIGHT.

New York City, Nov. 1, 1841.

*Family Medicine.*

SIR I have used Lorraine's Pills in my family as a family medicine, and I would most earnestly recommend them to all persons, as the best medicine that can be procured. I would not be without them they operate mildly, and never fail to give immediate relief. Until I used these Pills I was obliged to pay from 2rom 25 to $100 per year for medicines and physicians; since then I have had no other doctor than Dr. Lorraine's Pills. JAMES NEAL.

Hartford, Conn. July 8.

*Lame Back.*

Sarah Snow was cured of a lame back in one day, when she had been unable to dress herself alone for two weeks.

Susan Jones of Boston, cured in 36 hours of lame back and side of three weeks standing.

*Sick Headache.*

Mrs. Bird of Providence says, that 'Lorraine's Pills have proved a real blessing to her. It has surpassed any thing that has been brought to the public notice. I have been cured of a sick headache that had afflicted me for years, by the use of Lorraine's Pills.

THE CONDITION.

The condition upon which nature gives health to man, is a watchful care to keep his stomach and bowels free from morbid and unhealthy accumulations. Lorraine's Pills admirably effect this, because they cleanse the bowels and purify the blood.

The human body is always healthy when the bowels are regular, the blood circulates freely, and disease invariably commences when obstructions take place in the bowels.

The extraordinary virtues of Lorraine's Pills depends upon extracts of over 50 different vegetables, all so admirably combined as to purify, nourish and invigorate the human system.

## TO THE LADIES.

### INTELLECTUAL DEVELOPEMENTS AND PERSONAL BEAUTY CONSIDERED IN CONNECTION WITH DOCT. FELIX GOURAUD'S POUDRES SUBTILES.

The sculptor whose study is to imitate the exquisite workmanship of nature, pourtrays in his model of the human form a broad and elevated forehead. This developement is not only consonant with, but sometimes necessary to the possession of a high order of mental faculty. If a fine forehead is a mark of intellect, it is no less an essential element of personal beauty, and it is of importance to those, and there are many such, possessed of this prominent feature, though obscured by the encroachments of a too luxurious growth of hair, to remove that portion of an excrescence which tends, in their case only to deform. This can be done safely, speedily, effectually, and, if used in accordance with directions, without the least inconvenience, by Dr. Felix Gouraud's Depilatory Powders. The fuize of the lip, when annoying, or the short hair on the back of a ladies' neck, when too apparent, the hair of a mole, or the beard, when high upon the cheek, may all be removed, and eventually the roots destroyed, by the use of this preparation.

Manufactured by Dr. Felix Gouraud, 67, Walker street, one door from Broadway, N. York. $1 00 per bottle.

### GOURAUD'S EAU DE BEAUTE, OR TRUE WATER OF BEAUTY.

For removing Freckles, Tan Pimples, Blotches, Sores, Burns, and all Cutaneous Eruptions, realizing delicate white hands, neck and arms, and eliciting a healthy juvenile appearance. ☞ $1,00 per bottle.

### GOURAUD'S VEGETABLE ROUGE!

Composed materially from flowers and simples, imparts a delicate carnation tinge to the cheek, immovable by perspiration or rubbing with a handkerchief or a linen cloth. ☞ 50 cents per bottle.

## HUMAN HAIR.

### CLEANLINESS OF THE HEAD AND HAIR.

STRANGE it is that persons who attend strictly to personal cleanliness, baths, &c. should neglect the Head the Hair the most essential the most exposed and the most beautiful when properly cared for, of all the gifts of the Creator. Perfectly free may it be kept of dandruff or scurf with a certainty that the hair cannot fall out, by the use of the Balm of Columbia. Ladies, will you make your toilet without this article? I answer fearlessly, No; if you have once tried and experienced its purifying effects its sweet perfume.

A hundred articles have been put forth on the credit of this the only first the only really valuable article. A mass of testimony from all classes to these facts.

*LOOK OUT.* Counterfeits are abroad; look always for the name of COMSTOCK & Co. on the splendid wrappers, and never buy it without that name.

[*From the Boston Chronicle, Jan.* 10.]

☞ We see by an advertisement in another column that Messrs. Comstock & Co., the Agents for Oldridge's Balm of Columbia, have deputies to sell that article in Boston and elsewhere. We know a lady of this city whose hair was so nearly gone as to expose entirely her phrenological developements, which, considering that they betokened a most amiable disposition, was not in reality very unfortunate. Nevertheless she mourned the loss of locks that she had worn, and, after a year's fruitless resort to miscalled restoratives, purchased, some months ago, a bottle or two of Oldridge's Balm, and she has now ringlets in rich profusion, glossy, and of raven blackness. We are not puffing none of the commodity has been sent to us, and, indeed, we do not want any, for though we were obliged to wear a wig a year ago, we have now, through its virtue, hair enough, and of a passable quality of our own.

### Daring Fraud.

The Balm of Columbia has been imitated by a notorious counterfeiter. Let it never be purchased or used unless it have the signature of COMSTOCK & Co on a splendid wrapper. This is the only external test that will secure the public from deception.
